

# CORSICANA ISD

## Board Meeting Report

MONDAY, SEPTEMBER 19, 2011

---

### **Board approves districtwide Cisco VoIP**

The Corsicana ISD School Board approved the implementation of the Cisco VoIP Technology in the district.

Assistant Superintendent for Technology and Information Services Karl Walker told the board the district will replace the existing PBX voice systems at the Central Administration with the Cisco VoIP solution that is eRate eligible.

The Cisco VoIP solution will provide a standard foundation that will support the district's plan to unify telecommunications at all campuses and the Central Administration. The core foundation is modular in design and will allow the deployment and implementation to all campuses over a period of time.

The one-time setup fee of \$20,000 will be discounted 56 percent. Future yearly maintenance costs will be \$2,700, compared to more than \$4,500 currently incurred by the district.

**In other board news** . . . The board postponed ap-

proval of BDB(LOCAL) and BE(LOCAL). The Items pertain to board organizations and board meeting policy . . . The board officially received the Safety and Security Report conducted May 10-12.
