

Corsicana Independent School District

Department of Extracurricular Activities

Richey Cutrer, Executive Director of Athletics and Extracurricular Programs

Dear Parent or Guardian:

A yearly physical exam is required in order for your child to participate in CISD Athletics. This physical must be dated after May 15th, 2019 and will be valid for one school year.

You must complete the Medical History Form and the Physical Exam Form must be completed by your doctor. These completed forms are to be returned to the coach prior to participation in athletics for the 2019-2020 school year.

If your child has a doctor, it is very important for your child to visit his/her own doctor for this examination, because the doctor knows your child and their medical history. This is especially important if your child has any prior medical conditions or is under a doctor's care for any medical conditions including asthma. If your child does not have a doctor, you should first find a doctor and then make an appointment with this doctor's office or clinic. **Call and verify forms of payment accepted.**

For children without a primary care physician we have put together a Sport Physical Resource List. *If you have any questions regarding the physicals, please contact the athletic office at 903-641-4027.*
