

VISION 2020 CORSICANA ISD

Learner Profile

Traits, characteristics, and skills that are necessary to learners to realize the call to action.

2016-2020 School Years

2016-2020 School Years

Beliefs

The goals and action items below are based on the following beliefs:

- Students learn best in a safe, nurturing environment.
- Students will learn and thrive when curriculum allows for real-world application.
- All students have unique strengths and abilities.
- A well-rounded education is vital to the advancement of our society.
- Every student deserves equal access to quality opportunities necessary for success after high school.
- Relationships within the school community are a vital component of student success.
- The role of the educator is to ensure students achieve more than they could on their own.
- Education changes lives.
- Changing and taking risks are necessary to be a leader in innovative education.

Learner Outcomes

All learners will:

- Have an individual and attainable educational plan.
- Apply problem solving, critical thinking, and creativity skills through projects and demonstrations, utilizing resources and strategies.
- Demonstrate ethical and responsible behaviors.
- Effectively communicate with other students.
- Use purposeful planning to achieve individual goals.
- Demonstrate academic growth each year.
- Communicate effectively and responsibly in a variety of ways.
- Engage in cultural events and community service each year.

Vision 2020

Students will achieve their full potential as empowered, responsible, and productive citizens in our changing society.

Goals and Actions

Technology

We will seamlessly integrate and increase access to technology at all grade levels.

- Expand access to digital technology devices for all students. (2016-2017)
- Provide multiple means to connectivity outside the school day.
- Develop and provide leveled staff development for technology integration. (2016-2017)
- Implement a collaborative learning model that integrates various technologies.

Personnel

We will attract, recruit, and retain high quality, diverse staff.

- Expand the mentoring process, including instructional coaches.
- Create guidelines for the hiring process, including uniform interview questions and clearly defined standards.
- Establish a system to recognize excellent campus and department staff. (2016-2017)
- Improve district employment processes through the expanded use of surveys.

Instructional Resources

We will utilize instructional resources that cater to each student's individual needs to ensure academic success.

- Expand instructional resources to include technology integration for all students.
- Implement additional learning opportunities beyond the classroom setting.
- Implement a college-style schedule based on varied time modules that is student-centered and flexible.
- Establish enrichment opportunities at the elementary level to support creative and innovative learning.

Communication

We will build community support by informing our stakeholders of educational advancements, innovations, and opportunities offered by the district.

- Media: Refine dissemination of information to stakeholders based on various types of feedback.
- Public Relations: Promote partnerships, programs, and success stories.

Pedagogy

We will develop instructional practices that enhance student achievement through real-world applications and hands-on learning.

- Implement a collaborative learning model that integrates real audiences from the community. (2016-2017)
- Establish innovative instructional strategies to enhance student learning.
- Create product-based and presentation-based assessment options.

Community and Business Partnerships

We will foster business and community partnerships to provide multiple opportunities for our students.

- Development: Create and expand partnerships and partnership programs. (2016-2017)
- Activities: Create and expand student opportunities for real-world engagement.
