

Corsicana ISD Student Process Map for COVID-19

Student or parent reports student is **positive for COVID-19 OR reports symptoms of COVID-19**

Parent notifies the campus and remains home for 10 days from positive test result.

The student may return to campus after 10 days have passed from positive test result and/or 10 days have passed from symptom onset and at least 24 hours have passed with no fever, without the use of fever-reducing medication.

Parent screens student **BEFORE** entry to building using screening tool & reports symptoms

Student may not enter the bus or building. Student should contact their primary care physician for guidance.

The student may return to campus after 10 days have passed from symptom onset and at least 72 hours have passed with no fever, without the use of fever-reducing medication.

If student was on campus in the last 48 hours...

Student reports **experiencing one or more symptoms of COVID-19** while during the school day

Campus will follow the Isolation Plan outlined in the Corsicana ISD COVID-19 Student/Staff Safety Protocols

Student reports **someone at home tested positive**

This would be considered prolonged exposure to someone with COVID-19 or symptoms of COVID-19.

Student should not enter the bus or building. If present, follow Isolation Protocol outlined in CISD COVID-19 Student/Staff Safety Protocols. There is no need to notify staff or students regarding this scenario. Student should contact their primary care physician for guidance and remain home to self-isolate and avoid public spaces for 14 days.

Student reports **someone in their home was exposed* to someone who tested positive or has symptoms**

If the someone at home is not symptomatic, but just 'exposed,' student may come to school and participate in summer activities (no need to self-isolate or notify any staff or students).

***To be considered exposed to COVID-19, you need to have prolonged close contact with a person who has the virus. Close contact includes living in the same household, caring for a sick person with the virus, being within 6 feet of a sick person with the virus for at least 15 continuous minutes without the use of a face covering, or being in direct contact with secretions from the sick person.**

Campus identifies any other student or staff who were present in the same class/group on the last day the student who tested positive was present.

Campus principal will work with Student Services to send written notification of possible exposure to all staff and parent/guardian of students who were exposed.

All student and staff who were exposed will be excluded from campus activities for 14 days from date of last exposure. Those persons will need to monitor their symptoms at home and contact their primary care provider if they develop.
