ext. 4172

### **Principles of Audio/Video Technology**

This course will introduce students to careers in the Arts, Audio/Video Technology and Communications career cluster. Students will develop an understanding of the various and multifaceted career opportunities in this cluster and the knowledge, skills and educational requirements for those careers.

### **AUDIO/VIDEO TECH**

Audio/Video Tech is an introduction to moviemaking with digital video and audio technologies. The fundamental elements and techniques of cinematography are explored from pre-production (planning and storyboarding) to production (shooting, lighting, sound) to post production (editing, compositing, titles, audio, and special effects). Students will use industry professional audio and video editing software to produce video shorts from conception to completion.

### **AUDIO/VIDEO TECH 2**

Audio/Video Tech will allow students to continue working with professional digital video and audio editing software and expand knowledge through advanced use of software and digital video effects. Topics and projects will focus on sound creation, green screen editing, picture in picture effects, multi-camera filming/editing and 3D-like effects through complex digital video production software. Students who complete this course will have the opportunity to receive articulated credit from Navarro College.

### **Supplies**

Composition Notebook- this will be kept in class  
Flash Drive highly recommended  
Good Attitude

### **Course Grades**

20% Quizzes  
30% Tests  
50% Projects

### **H100 Studio Assertive Discipline Policy**

Conduct and attitude have a direct influence on the amount of learning that takes place in the classroom. Electronics will not be allowed out in the classroom. Be respectful. They will be taken up for the day after the first warning.

# ***H100 Studio***
